DINER

My name is Danielle, 4th generation and grandchild of Gerrit and Toos Van der Valk. I run this Van der Valk establishment with pride and welcome you to Restaurant SUYD.

Our head chef, Sander Klaasen, gives our chefs the space to express their creativity in the kitchen. This way the well-known Valk classics and our contemporary dishes come together beautifully in the menu of Restaurant SUYD.

My personal favorite from the menu is the Pinsa with goat cheese. I order this often for lunch and for brunch I would highly recommend the Eggs Scandinavian!

I wish you a wonderful time at Restaurant SUYD!"

For the name 'SUYD', we drew inspiration from Lelystad's natural surroundings and history. Thus, the name "SUYD" comes from the oldest known name Sudersee (read: Zuiderzee), currently better known as the IJsselmeer. This is the inland lake of the Northern Netherlands and surrounded by, among others, a city like Lelystad. The fact that our restaurant and associated terrace face south completed the circle..
